

FINANCE AND COMMERCE

THE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advices.

NEW YORK, June 13.—The stock market was even duller than usual to-day. The dealings were almost entirely pro forma, and as the feeling among the traders in the board is still bearish, a further decline in prices was dreaded, but not a very heavy one, ranging from 10 to 15 per cent., the latter in General Electric, which sold down to 70¢. The principal drives were against the stock Chicago Gas, Sugar, Hutchinson, Western Union, Reading, Northern Pacific preferred and the Grangers. During the afternoon the supply of money on call increased and the rate declined from 10 to 15 per cent. On this the smaller shorts attempted to cover and prices improved 5 to 10 per cent. A feature of the rally was the comparatively light offerings as the advance made progress. Taken altogether, it was an uncommon quiet and featureless session. The market closed firm in tone. Sales—Listed stocks, 150,000 shares; unlisted stocks, 12,000 shares.

Money on call has been fairly active, ranging from 3 to 10 per cent., last loan at 3 per cent., and closing offered at 8 per cent. Sterling exchange is steady; posted rates, 495/485—commercial bills, 484/485—Government bonds quiet. State bonds dull. Railroad bonds weaker. Sub-treasury Balances—Coin, \$67,380,000; currency, \$18,971,000.
